TMH hosts Geropsychiatric Open House

Warren, April 27, 2010 — Nearly 529 senior citizens in Mahoning and Trumbull counties seek psychiatric attention each year. And they seek treatment at the only Geropsychiatric Unit in the tri-county area — Trumbull Memorial Hospital.

To better educate the public and medical professionals on its services, TMH is hosting an open house for nursing home medical directors and administrators on May 4 from 4 p.m. to 6 p.m.

The open house includes tours of the 16-bed unit and program information. The event also features an educational lecture with John A. Kasper, Jr., M.D. Department of Geriatric and Palliative Medicine at Summa Health Systems, covering depression, dementia, delirium and their interactions and treatment.

Members of the media are invited to attend. For more information, please contact Chris Ruggieri at 330-240-4838.
