RE: Sale of Beeghly Oaks Long-Term Care

I am pleased to announce that we have signed a purchase agreement for the sale of Beeghly Oaks, Forum's long-term care facility, to Vrable Healthcare Companies, Inc., a Columbus-based firm with five other long-term care locations in Ohio.

The final sale will require the approval of the Ohio Attorney General as part of a review process that could take several months.

Al Vrable, the owner and president of Vrable Healthcare, is a Youngstown native and graduate of Youngstown State University who has demonstrated a deep commitment to this community.

We anticipate a smooth transition for employees, our patients and their families.

Administrator Stephanie Schaffner and Director of Nursing Francine Maurer, RN, are expected to continue in their positions guiding the excellent team of caregivers now in place.

We are confident that Vrable brings the superior management skills and financial resources necessary to continue the Beeghly Oaks tradition of excellent care in a warm, compassionate environment.
